

Wind is Power Registration

April 28, 2018 at Morro Bay High School from 1-4pm

This competition is for students that want to create and show how the wind can be harnessed for power. This will be a practical challenge focusing on renewable energy. Pupils will design and build a simple wind powered machine or project design that can show their interest in renewable energy. The STEM competition also gives students a chance to shine in the areas of engineering they find most enjoyable.

Fill out the form to register your Wind IS POWER to be included in the judging and prizes
